Content marketing campaigns for premium real estate

Content marketing works. Especially when the perfect target group is reached. Messages and content are transported through various channels used by the target groups. The results are highly effective due to the editorial impression, the optimal possible adaptation of the messages and the targeted placement. Furthermore, these activities also have a positive effect as a support for your own SEO measures.

THE IMPLEMENTATION:

1. CONTENT CREATION

For each property 3 to 4 messages/contents are defined and placed. The client provides photos/visualizations and basic information, our experts create the content – adapted to the channels.

2. The Channels

a. Newsletter

Newsletters consist of 5 info blocks, which are distributed to 23.000 users in Germany, Austria and Switzerland. The newsletter is sent out 1x per week.

b. Website

Each info block from the newsletter is automatically placed on the premiumstars.ccircle.cc website

c. Partner Network

We create a network of lifestyle and real estate websites, where the content can also be placed.

d. Social Media Facebook

Each infoblock can be placed on facebook (Connoisseur Circle, others).

e. Social Media instagram

Each infoblock can be placed on instagram (Connoisseur Circle, others).

f. Print

Printed information still has high credibility in the target group and remains present for a long time.

g. Online advertising

The content can also be promoted on all channels in the relevant target groups.

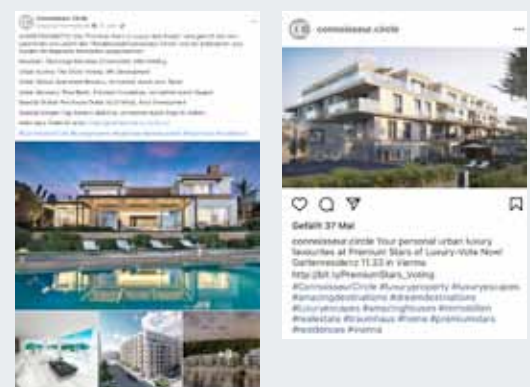

h. Own platforms

All info blocks can of course also be used in your own activities.
